

## *Stable Tour*

An aura of elegance and refinement draws visitors into the exclusive world of polo and other equestrian sports at the prestigious Dubai Polo and Equestrian Club, which boasts of 336 air conditioned stables, a world-class exercise track and three polo fields. The club hosts international polo events.

Accompanied by an experienced guide from the club, we start our tour early in the day by watching magnificent thoroughbreds being put through their paces at the training grounds. This is followed by a leisurely stroll around the immaculate facilities for the upkeep of horses walkers, feed rooms, wash rooms, tack rooms and a farrier's workshop. Throughout the tour, we will learn about the training and care of Arabian horses, polo ponies, thoroughbreds and show jumpers.

The tour ends on a high note, with a sumptuous breakfast at the Epona Terrace overlooking the polo arena where one may see a 'chukka' being played. You can relax and enjoy the luxurious ambience of the distinctive Club House, designed to resemble a Spanish hacienda before returning to your hotel.
